SUMMARY

I am a passionate Computer Science graduate with a strong foundation in programming, problem-solving, and technology innovation. As a volunteer with the Google Developer Student Club, I contributed to fostering a collaborative learning environment by organizing workshops, mentoring peers, and exploring cutting-edge technologies. My experience has equipped me with valuable technical and teamwork skills.

EXPERIENCE

University of King Faisal | Saudi Arabia

Volunteer | Huawei Student Developers Club | December 2022 - July 2024.

- Created the user interface for the club's mobile application using Figma, focusing on an intuitive.
- Performed usability testing and incorporated user feedback to refine and enhance the overall.
- Established a comprehensive design system and reusable components to maintain.
- Partnered with the development team to transform design ideas into functional.

University of Tabuk | Tabuk, Saudi Arabia

Volunteer | Google Developer Student Club | January 2022 - July 2022.

- Collaborated with technical teams to ensure the accuracy and relevance of content related.
- Developed and designed engaging content focused on front-end technologies.
- Created visually appealing and informative materials about network systems.
- Updated and optimized content regularly to reflect the latest industry trends.

EDUCATION

University of Tabuk | Tabuk, Saudi Arabia

Bachelor's Degree in Computer Science | 4.53 Out of 5.00 with Second Class Honors | September 2018 - June 2022.

- Equip with a strong foundation in computer science, encompassing programming, data structures.
- Develop the ability to analyze complex problems, design effective computational solutions.
- Foster proficiency in using modern tools, technologies, and methodologies relevant.
- Instill a sense of ethical responsibility and professionalism in the field of computing.

OTHER

● Certificates:

- Certified Cloud Practitioner | Amazon Web Services (AWS) | August 2024 - August 2027.
 - Acquire comprehensive knowledge of AWS Cloud concepts, services, and practical use cases.
 - Utilize AWS Cloud Practitioner skills to successfully implement and manage multiple projects.
- ITIL 4 Foundation Certification | IT Service Management | Axelos | March 2024 - March 2027.
 - Focus on ITIL 4 concepts, emphasizing the design and delivery of digital services.
 - Cover methods for effective service management, value creation, and risk management.
 - Strengthen skills in aligning IT services with organizational objectives.
 - Promote continuous improvement in service quality and operational efficiency.
- Certified DevOps Engineer - Professional (100 Hours) | Amazon Web Services (AWS) | Ministry of Communications and Information Technology of Saudi Arabia | Global Knowledge | July 2024 - August 2024.
 - Gain expertise in cloud computing and AWS services.
- Nanodegree Certification | Front-End Web Developer | Udacity | September 2022 -January 2023.
 - Provide a foundation in essential skills and technologies for front-end web development.
 - Include hands-on projects using HTML, CSS, and JavaScript to build interactive websites.
 - Teach best practices in web performance optimization, and application testing.
 - Build a portfolio of real-world web applications showcasing front-end development expertise.

● Projects:

- Investech | GitHub Link: [rana-alharbi](#) | March 2023 - Present.
 - Facilitate the showcasing of graduation projects to companies and organizations.
 - Enabling graduates to highlight their skills and capabilities for potential post-graduation opportunities.
 - Support companies in discovering innovative projects.
 - Connect with talented graduates to foster collaboration and recruitment.
- Student Club Graduation Project | University of Tabuk | September 2021 - May 2022.
 - Streamline college life by offering a platform that simplifies the process of organizing.
 - Participate in student organizations, clubs, and events.
 - Enhance efficiency with a barcode scanning feature to simplify the student check-in process for events.

● Technical Skills:

- Programming Languages.
- Data Structures.
- Database Management.
- Web Development.
- Microsoft Office.
- C#, Java, JavaScript, Python, Html and CSS.
- React, Node.js and Vue.js.
- Bootstrap and Tailwind.

● Soft Skills:

- Problem-Solving.
- Collaboration.
- Adaptability.
- Attention to Detail.
- Time Management.
- Communication.
- Creativity.
- Continuous Learning.

● Languages: Arabic, English
